INTERROGATION

Gul Madred interrogated Jean-Luc Picard, seeking strategic secrets. He kept asking "How many lights do you see?"

Plays on your captive (limit one; discard if released). Once each turn per copy, ask, "How many lights?" If opponent replies "Five," score 10 points; relocate captive anywhere (opponent's choice; released). Otherwise, score 1 point.

ESCAPE

Pursued by the natives of Kolarus III, Jean-Luc Picard decided that the best course of action was to drive straight off a cliff, into the safety of an awaiting shuttlecraft.

Just after a dilemma targets at least one personnel to die, if you randomly discard cards from hand equal to the total number of targeted personnel, they are all stopped instead.
